A pledge of 2.5% or more of your income represents a “fair share” pledge to the church. This level of pledge sustains and builds the church’s current programs and our dreams for the future. We encourage you to make a pledge that is a true expression of your commitment to the church – a pledge that is significant, meaningful and generous.

In order to balance our 2010 budget, we need our pledge base to grow by 8%. Please consider a 5% to 10% increase in your pledge.
