Lesson 1: Familiarity with Star Trek

Star Date 1.24.2021

Objectives: Introduction to community, discovering what youth already know of Star Trek.

Materials: Teachers should download lesson plan and attachments onto their desktop, **login to Unity's YouTube account.**

Time allotments: suggested for 60 minute online class.

1. Zoom Welcome (as youth arrive into the breakout classroom)

- Teachers and youth are expected to log on to zoom at 11:15am (15 min before class begins at 11:30am) so that everyone can be organized into correct breakout classrooms. We want to make sure there is an attentive adult in each breakout classroom with youth.
- Greet youth and ask everyone to correct their display name as needed. Ask everyone to select "gallery view" to see everyone else.
- Staff will attend to attendance.

2. Zoom Icebreaker: I Spy (5 minutes, begin while waiting for everyone to arrive)

Ask one youth to be the "spy." The "spy" secretly picks an object in someone's zoom background and says: "I spy..." and gives a hint (e.g. something blue). Everyone else tries to guess what the object is and in which zoom screen it is located. The person who guesses correctly becomes the "spy" and the game repeats as time allows.

Teachers can stage fun objects in their zoom background!

3. Chalice Lighting

Light a chalice at your home, invite youth to light their own chalices and say together: *"We light this chalice as a symbol of our faith, the light of truth and the warmth of love."*

Teacher reads: (from Gene Roddenberry, creator of Star Trek)

“Reality is incredibly larger, infinitely more exciting, than the flesh and blood vehicle we travel in here. If you read science fiction, the more you read it the more you realize that you and the universe are part of the same thing. Science knows still practically nothing about the real nature of matter, energy, dimension, or time; and even less about those remarkable things called life and thought. But whatever the meaning and purpose of this universe, you are a legitimate part of it. And since you are part of the all that is, part of its purpose, there is more to you than just this brief speck of existence. You are just a visitor here in this time and this place, a traveler through it.”

4. **Brief Check-in** (10 minutes)

Begin a simple ritual for weekly check-in so that everyone’s voice is heard (e.g. sharing a joy or sorrow so that everyone feels present in class).

5. **Community Time: Getting to know each other** (15 minutes)

Take the time to get to know one another. In the manner of the television show *Inside the Actors Studio*, each youth will be interviewed by a teacher and respond to as many questions as possible within 60 seconds. A second teacher will keep time. Teachers get interviewed, too!

Read aloud from lesson attachment 1a (Interview Questions). Don’t screen share so youth can see everyone.

6. **Important Agreements** (15 minutes)

Extend community sharing to discuss what community practices/agreements will help “learning together.” Because this class is not just about learning new information but learning about ourselves, how do we create a community where our best selves can emerge?

Screen share lesson attachment 1b (Class Agreements). Write down the agreements for everyone to see. **Save** the document to draw upon as needed in the future.

***Question to consider:** The agreement to “assume positive intentions” and goodwill is vital for the work of racial justice and multiculturalism. But does that mean what others say/do out of good intentions will never hurt us?

- Are positive intentions (“I didn’t mean to..”) protection from all harm?
- Can we apply the same principle of “assuming positive intentions” when honest, critical feedback is given? (I.e. assuming critical feedback is offered not to shame us but to request change in behavior or language; assuming best intent while honoring impact and accepting accountability as an invitation.)

- What do you think about Unity Church shifting from using the language of “safe space” to “brave space”? Does one help achieve the other? Which one?

***Important agreement for all Junior High youth:** youth (and teachers) are asked to attend Unity worship every Sunday morning at 10:00am, ideally with their families.

***Important agreement for virtual learning:** youth (and teachers) are asked to use as much interactive technology as possible to be fully present (e.g. have video on, unmute to speak, use the chat when prompted).

7. View intro to Star Trek, both original series and Next Generation (10 minutes)

[**Note:** Please sign into Unity’s YouTube account to avoid advertisements. If an advertisement does pop up, please skip, or use volume control to silence, then resume normal volume for actual clips.]

Screen share (with audio):

<http://www.youtube.com/watch?v=HnDtvZXYHgE> (1.46 min, **pause after 1:10 min**)

Teacher reads signature introduction to Star Trek: *“Space...the final frontier. These are the voyages of the Starship Enterprise, its five-year mission....to explore strange new worlds...to seek out new life and new civilizations ...to boldly go where no man has gone before.”* — Gene Roddenberry (August 10, 1966)

Questions for Discussion:

- What sort of human beings, or what kind of world, might Gene Roddenberry have envisioned with such a distinctive statement?
- Any connections to our world and people today?

8. How do we know Star Trek? (5 minutes)

Ask youth to write in the chat how they are familiar with Star Trek.

[e.g. Star Trek Original Series (OS), Star Trek Animated Series, Star Trek Next Generation (NG), Deep Space Nine, Voyager, Enterprise, Discovery, Picard, Feature Films, Books etc.]

Survey youth’s knowledge of Star Trek: Ask youth to give quick replies to a range of questions below.

- What do they know about Star Trek?
- What do they think about Star Trek? What do they like about it?
- What characters do they relate to?
- Why do they think it is relevant? Or why does a science fiction series matter?

- How does it relate to religion, spirituality and UU?
- How does it relate to the broader culture?

9. Preview of Next Class

Teacher shares: Next class, the lesson will (re)introduce the Seven UU Principles and the Five core theological questions we use throughout Religious Education at Unity Church. We will reflect on how scenes from Star Trek may address these questions and principles. These are the kinds of connections we are going to explore during this class!

10. Announcement: Next Sunday, there is no RE class because of the second UU Families Covenanting Workshop.

11. Extinguish the chalice, saying together: *“May the light of truth and the warmth of love go with us in our hearts.”*

12. Leave zoom breakout classroom: wait until all youth have left, click “Leave” then “Leave Meeting.”
